

AROUND the TOWNSHIP

We see where Fred Woods is now a papa. This means he has caught up with Frank Duarte who, thus far, has only one of his hoped-for seven children.

We reprint herewith a portion of the Harvard version of "Twinkle, Twinkle, Little Star."

Coruscate, coruscate, diminutive stellar orb;

How inexplicable seem to me the stupendous problems of thy existence!

Elevated at such an unapproachable height in the illimitable depths of space, Resembling in thy dazzling effulgence a crystallized carbon gem of unexampled splendor—

Eddicated people know such pretty words.

We learn from Joe Vivieros that Angelo of the Peerless ant is going to take his naturalization examination this week. We wish him the best of luck.

Population of the township is growing these days. Nearly a dozen persons have been in the Register office recently, asking about places to live. There are none. All hotel rooms are full and all houses are taken.

It is with regret that we learn of the death of George Darrow. Darrow made a fine reputation for himself with his model winery in the mission.

Bill Cavanaugh says he is prepared to go east and cover the next Schmeling-Louis prize fight for the Township Register. All we have to do is provide him with the duet which will guarantee his admission to the press row.

Accordingly, we have written to Mike Jacobs, telling him that local people are waiting with breathless interest to gain first hand information and that he owes it to the township to kick through.

A young lady by the name of Virginia Hake, age 15, has been visiting relatives in Niles during the past two weeks. Miss Hake comes from the state of Washington where she made a little stake by winning \$75 in a bank night. This she augmented by summer wages as assistant librarian in her home town. With the total, she financed her present trip to California. One day recently she went to San Francisco by ferry, where she priced fur coats and evening gowns, visited Golden Gate park and Fisherman's wharf. But San Francisco somehow fell short. She preferred the fish in the aquarium to the fish in restaurants. "San Francisco looks funny without any Indians," she commented. "Where I come from, there are lots of Indians."

TWO ARRAIGNED ON CHECK CHARGE

NILES — Harold Nielsen and Clarence Hanson appeared before Judge J. A. Silva on a bad check charge and asked for continuance in order that they might secure an attorney. Hearing was set for Friday at 1:30 o'clock and the two were returned to the county jail in lieu of \$2000 bail. They are alleged to have cashed a bad check for \$22.50 at William Cavanaugh's store in Niles, the check drawn on a Long Beach bank.

At St. Mary's Cathedral, San Francisco the Labor Day mass was sung by Archbishop John J. Mitty, and the sermon preached by the Rev. Dr. John J. NILES—Albanus Jesse Quint of Richmond was found guilty of reckless driving after a hearing before Judge J. A. Silva Friday. Quint was represented by Hollister Smith and the prosecution by Deputy District Attorney Stanley Smallwood. October 1 was set as date for sentence being pronounced and the defendant was released on his own recognizance.

Witnesses included LaVerne Marrinell of Richmond, passenger in the truck driven by Quint which turned over in front of the California Nursery on August 13, during Quint under the wreckage for two hours; Highway Patrolman James G. Brewer who testified that Quint's truck left skid marks 250 feet long as he turned the corner from the main highway into the detour; and Albert E. Marden of 4172 Broadway, Oakland, who said he was approaching the same detour from the south and barely escaped meeting Quint at the point of mishap. Both Marden and Marrinell stated Quint seemed to be driving carefully and not over 30 or 35 miles per hour. Smallwood argued that the fact that the truck turned over on the wrong side of the road showed that Quint did not have control and was therefore driving in a way to menace the safety of others on the highway.

P. G. & E. CONSTRUCTION DEPARTMENT MOVE INTO NILES

NILES—The population of Niles increased more than 75 persons this week when the general construction department of the P. G. & E., moved into town for a stay of five weeks while completing a \$400,000 replacement of transmission lines from Angels Camp to Newark. With the exception of six, the entire crew of 52 workmen and 19 families have found living accommodations in and around Niles.

In 1908, the Sierra-San Francisco Power Company established the Stanislaus power plant, the first in the United States to carry more than 100,000 volts. The line now carries 110,000 voltage. In 1920, the system was bought by the P. G. & E., and this is the first replacement made in 3 years. The crew established headquarters at Angels Camp in February, later going to Oakdale and Tracy from where they came here this past week.

Ed Hallas is line foreman and J. A. Richards is time-keeper.

GRAND LODGE TO VISIT HOME

By JAMES H. HEATH

DECOTO—Here's John Whichey Grand Secretary, with a nicely gotten up program of the 88th communication of the grand lodge of California Masons, which office carries with it the secretaryship of the two masonic homes of the jurisdiction. The dates are October 12-15 inclusive and the place is the masonic temple in San Francisco. Grand secretary since 1903 and yet going strong, veteran masons here say this program is just a little better than any they have ever seen.

But what most concerns the members of the Decoto Masonic home is the annual visit to the home of the delegates to the grand lodge and their ladies, who are cordially invited to make the trip by auto busses, with the compliments of the grand lodge. The vehicles of transportation will be from the masonic temple, leaving at 1 p. m. October 11, thence across the San Francisco-Oakland bridge and down the Oakland-San Jose boulevard, via Hayward. The distance by this route is 30 miles. Under direction of Supt. Hartman and Matron Richardson the home will provide a cordial welcome, chief of which will be a reception and opportunity for an inspection, and for visits with the members sponsored by the various lodges. The return trip will be made via the San Mateo bridge to San Mateo, thence up the peninsula to the masonic temple.

Beginning promptly at 8 o'clock the meeting will be or the purpose of considering ways and means of action to benefit and protect the interests of locally-owned enterprise in this vicinity, according to Art Marsh, Institute Director, who is cooperating with several Hayward merchants in sponsoring the gathering for merchants of a number of towns in this area.

THREE MORE SCHOOLS TO OPEN ON MONDAY MORNING

The remaining three schools of Washington Township as yet unopened will begin class work Monday morning. Students will return to Decoto, Warm Springs and Mission San Jose grammar schools. More than 2,000 pupils will be at that time enrolled in the union high school and the 11 grammar schools in the district.

The local participation consisted in the celebration of mass with general Communion at half past six in the morning, and in the conduct of the Holy Hour at half past seven in the evening. CALDEIRAS GO TO FAIR

Mr. and Mrs. J. P. Caldeira and family will spend the week-end at the State Fair at Sacramento.

DECOTO—Three members of the sanitary commission of Decoto will be up for election on Monday, September 20, Charles Brown, William H. Hurst and George L. Smith, chairman. No opposition has been announced. Other members of the commission are J. P. Caldeira and Frank Thomas. This is the first election since the district was established two years ago.

Progress on establishing a sewer system in Decoto has been delayed due to reduction of federal allotment for labor. A bond issue for \$56,000 carried almost 100 per cent but the fact that the district will receive only \$5 per man instead of \$17 as was in force when the election was held, leaves the district short of necessary funds to complete the project estimated at \$100,000.

At a meeting this week, J. P. Caldeira suggested that a move be made to include all the territory from the California Nursery Company to Tennyson in the district and thus secure an assessed valuation sufficient to complete the system. It was decided to take up this after the election, on a motion by Caldeira, seconded by Brown.

STAY OUT

One of the best things President Roosevelt has done to date has been his warning to American nationals to get out of the war area.

The president's action indicates he will not allow this country to be embroiled in an Asiatic war through any sense of false pride.

Observers say that the United States' "prestige" is lower in the orient than it has ever been, as a result of its refusal to take belligerent attitude in the protection of its nationals.

The United States should not worry about what orientals think.

CANNERY

The Irvington Junior Chamber of Commerce is showing laudable enthusiasm in its effort to bring a farmer's cannery to that community. We hope it achieves its goal.

The farmers themselves, of course, must be guided by prudence in the matter of investing their money in such a venture; but when they decide to go ahead, Irvington's young men will see to it that they will receive every aid.

NO HURRY

The recent plan of the New Deal to divide the entire country up into "Authorities", like the Tennessee Valley Authority is premature.

The TVA has been started and has run into many difficulties. Let the TVA be carried through to completion and all its problems solved before the plan is tried elsewhere.

The TVA is an experiment. It is a laudable effort. But it should be proved successful beyond all question of doubt, before the plan is attempted in other areas.

There is no need for Niles folks to worry about the winter heat in 1939 and 1940. The whole town will find room to move into Congressman Albert Carter's \$70,000 postoffice building and have a central heating plant.

JOSEPH SAITO NEW CAPTAIN OF CENTERVILLE SQUAD

CENTERVILLE—Joseph Saito has been made captain of the Junior Traffic Patrol of the Centerville Grammar school. Yukio Isoda will serve as lieutenant and Jack Silva, Richard Maciel, Melvin Nunes, Allan Asakawa and Joe Wallman as sergeants. The following will be officers: Roy Mathiesen, Edward Bettencourt, Anthony Maciel, Gene Corriea, Frank Borghi, Roy Duarte, Chiseto Inouye, Henry Borghi, Paul Faucett, Carl Davis, Henry Dowke and Earle Stromberg.

VISIT VICTORIA DURING SUMMER

Mrs. Laura Orelli and her sister Miss Mary Hughes spent the summer in Victoria, Portland, Seattle and other northwest cities.

NO ELECTION IN SANITARY DISTRICT

Although some of the sanitary districts are holding elections this year there will be none in the Niles district. Members of the commission are E. E. Dias, George Bonde, L. A. Vieux, Tom Elliott. The late Frank Nunes was the fifth member of the board. Dias and Bonde will be up for re-election next year.

WPA PROGRAM NEXT THURSDAY

The recreational department of the WPA will sponsor a community night program at the Alvarado Grammar school next Thursday night with Charles Bertoli in charge. There will be entertainment and dancing. The public is invited and there is no admission charge.

BRICKBATS

BROADVIEW HILL

Mr Henry Alderman,
Editor, Brickbats and Roses,
The Township Register,
Niles, California.

Dear Sir:

We note an article in the August
27th issue of your newspaper en-
titled: "Ruling Made in Sloan
Farm Suit." There are several in-
correct statements in this article
which it seems to me should be
corrected.

In the first place the purpose
and object of this law should be
understood. The supreme Court,
in the decision written by Justice
Brandeis, held that under this law,
which is Section 75 of the National
Bankruptcy Law, "The farmer's
proceeding in bankruptcy for re-
habilitation resembles that of a
corporation for reorganization." This
is in reality the crux of the
whole matter. Heretofore business
could go into bankruptcy, scale
down its indebtedness, and thus
reorganize its affairs so as to con-
tinue in business. The farming
business, which is the basic in-
dustry of the county, could only
walk out and lose its all much to
the injury of the community as a
whole, although with a possible
(?) enrichment of the holder of the
mortgage. This is the hard part
for old-time creditors to under-
stand, but is, in reality, merely
justice.

Representative Lemke, co-auth-
or of the sub-section of this section
No. 75, said, in introducing it to
the House: "No creditor... has a
right to destroy society: has a
right to destroy agriculture... No
hard-boiled soulless corporation
will now be allowed to demand
the last pound of flesh."

Senator Borah in introducing
this bill into the Senate as chair-
man of the Judiciary Committee
has this to say in regard to the
purpose of this law: "Bankruptcy
is a wreck... It is not a question
of interest and profits... but of
saying what can be saved." This
again is a very difficult point of
view for the hard-boiled creditor.
All previous laws had been made

to protect him, but says Senator
Borah, "In legislating on this sub-
ject it is just as much the duty of
Congress to consider the unfor-
tunate debtor as to consider the
unfortunate creditors."

The ruling made by John L.
Garaventa, Conciliation Commis-
sioner of Contra Costa county un-
der this law, to whom the case
has been referred, was in regard
to the meaning of the word "up-
keep" as used in the law under
discussion. We would again quote
Senator Borah: "The courts, after
taking possession of the property,
and after appraisal is had, may
postpone action with reference to
the ultimate disposition of the prop-
erty for a period of three years.
During this period of three years
the debtor is permitted to remain
in control of the property upon
payment of taxes, and if, after
payment of taxes and THE RUN-
NING EXPENSES, there is any-
thing remaining, that remainder
is to be credited upon the debt of
the debtor." Excerpt from the
Congressional Record for August
19th, 1935.

There has never been any effort
on the part of the debtor in the
above entitled case to obtain the
cost of harvesting, etc., but the
simple cost of "Up-keep" or main-
tenance of the property. This point
was construed by Senator Frazer,
in answer to an inquiry upon the
subject to cover anything which it
might be necessary to do to keep
the property in condition.

The Supreme Court held that
"Payment of upkeep was neces-
sary for the preservation of the
property." It was also held that
the proceedings under this law
are analogous to that of foreclosure
under ordinary bankruptcy pro-
ceedings. In such cases a receiver
is usually appointed to handle the
matter, and this receiver or trustee
is not only allowed a full ex-
pense account, but a definite sal-
ary. The Supreme Court held that
it was far cheaper for the creditor,
or creditors to allow this matter of
"up-keep" to the farmer in order
that the property might be better
taken care of.

The case is not ended, it is only
settling a precedent, blazing a new
trail as it were, because, as here-
tofore stated, the laws previous to
this new one were all in favor of
the creditor, and it takes time for
the creditors to realize the mean-
ing and scope of this new law,
which is intended to "rehabilitate
the farmer" just as much as sec-
tion 77 is for the rehabilitation of
business. Just how long the case
will continue to drag through the
courts depends upon how soon
the creditors realize this moratorium
extended because so many of
the creditors have failed to grasp
that Congress meant to help "the
unfortunate debtor" just as much
as the "unfortunate creditors."

The Supreme Court also held
that the farmer was not a wrong-
doer in taking advantage of this
law, as so many creditors seem to
think, but was only the innocent
victim of an unparalleled econo-
mic condition and was quite deser-

ving of the aid afforded by this
law. This is again a strange dic-
tate to the Shylocks of the coun-
try who fatten on the misfortunes
of others.
Thanking you for the opportunity
of clarifying the proceedings and

scope of this law, in this small way,
I am,

Yours very truly,
Elizabeth H. Sloan.

30 MILES UPWARD!

PROF. PHIBARD WOULD BE SURPRISED IF HE COULD LOOK AHEAD 10 YEARS AND SEE THAT HIS RECORD OF 10 MILES INTO THE STRATOSPHERE WAS JUST A BEGINNING. SCIENTISTS WILL BE ABLE TO CONSTRUCT BALLOONS THAT WILL TAKE THEM 25 TO 30 MILES ABOVE THE EARTH.

MASONIC HOME BARBER TAKES SHORT VACATION

The official barbering at the home is done by "Joe the Barber," and his assistant, the first Monday and Tuesday of each month for the men, and the following day and the day after, if the volume of business is sufficient, for the women. One of the few exceptions is on when Monday falls on Labor Day. But Barber Joe never fails to give ample notice. This time he entrusted the publisher of the "Masonic Home News" to get the word around. The publisher in turn secured the help of the "Home Art Department"—Louis Harris, cartoonist and Oscar Haupt, cartoonist and Oscar Haupt engraver. The result was the posting of an illustrated poster displayed from the door of the barber shop which served well its purpose. And "Joe the Barber" and his assistant were on the job, bright and early Tuesday morning.

The proper treatment for a bilious child

ANY mother knows the reason when her child stops playing, eats little, is hard to manage, Constipation. But what a pity so few know the sensible way to set things right! The ordinary laxatives, of even ordinary strength, destroy all hopes of restoring regularity. A liquid laxative is the answer, mothers. The answer to all your worries over constipation. A liquid can be measured. The dose can be exactly suited to any age or need. Just reduce the dose each time, until the bowels are moving of their own accord and need no help. This treatment will succeed with any child and with any adult. Doctors use a liquid laxative. Hospitals use the liquid form. If it is best for their use, it is best for home use. The liquid laxative they generally use is Dr. Caldwell's Syrup Pepsin. Any druggist has it.

SHIRLEY TEMPLE COMING SOON

NILES—Slave Ship and ee Willie Winkie are the outstanding attractions due at the Niles theater this week.

"Slave Ship," which comes Sunday and Monday, has, in addition to Warner Baxter and Wallace Beery, Joseph Schildkraut in one of the principal roles. Schildkraut is a veteran character actor who has had many successes on the legitimate stage.

"Wee Willie Winkie" stars Shirley Temple and Victor McLaglen. It is Kipling's famous story, rewritten for Shirley. Kipling wouldn't recognize it, but it makes a good movie nonetheless.

The show will come on Wednesday and Thursday.

Tonight and tomorrow night will see a double feature: "Charlie Chan at the Olympics" and a western, "Forlorn River."

Leo Oliver from Texas is visiting his mother here in Niles. Mr. Oliver is an engineer of an oil co. in Texas.
